# COMPANY OVERVIEW

---

Established in 2018, we offer best in class IT hardware solutions ranging from new and pre-owned Switches, Routers, Firewalls, Wireless Devices, VoIP Phones Devices and Other networking devices and their spares from all major OEMs including Cisco, Huawei, Arista, Juniper, Brocade, EdgeCore, Mikrotik and a few others. All our products are fully warrantied & we even provide annual maintenance contracts (AMCs) for our hardware and software clients across India. We are dedicated in providing our customers with service excellence in their time of need. We manage all problems of our customers and provide a solution and assist them in their IT related issues in software & hardware support. Our aim is to provide the right solution at the right time and with the right price without compromising on quality and service.

In simple words, we believe that -

“

Quality is remembered long after the price is forgotten.”

”
